Great Remedies.

DR. JOHN BULL'S
Concentrated Extract of

BUCHU

COMBINED WITH

Bromide of Potassium.

Purchase a Bottle and carefully read directions.

BUCHU is a stimulant, and of itself may fall to effect a cure, but Buchu combined with the Bromide of Potassium and other ingredients, produces a sedative effect, and causes a healthy action, thus increasing the power of digestion, allaying irritation, reducing all morbidities, and causing the blood and the system in the human body to be greater than the water, thus producing decomposition and decay, and gives nourishment, health and vigor to the system.

My Buchu is good for all diseases arising from congestion, such as Weakness, Pain in the Back and Legs, Trembling in the region of the Heart, Wasting, Nervous, Halitid, Constipation, Dryness of the Skin, Scrofula, Syphilis, in its many forms, Ulcers, and Tumors.

If your system is affected by any of the above symptoms and diseases, relief is at hand. Get a bottle of my Buchu and Bromide of Potassium at once and you may rely on being cured.

I know just what I say. My record as a Compounder of Medicine is second to no man in the South.

Twenty-five or thirty years ago, as my fellow-citizens know full well, found me blind the prescription column in the city in which I now dwell. I have cured more people of various diseases than any other physician in Louisville for a long time. Undoubtedly, for every single patient that any Louisville physician has ever cured, I am no upstart of yesterday. My Medicine is a success—a great success. Louisville is not large enough for me to have a competitor. I monopolize the Wholesale Patent Medicine Trade here. One and another has tried, by copying after me here in Louisville, to compete with me, but one after another, their gains have been silenced, and their efforts have been in vain.

My Medicine is good and answers the purpose—that is the secret of my success. My reputation as a compounder of good, reliable medicine is fully established.

I believe my Buchu and Bromide of Potassium is the best article in the market for the cure of all diseases of the urinary or genito-urinary organs, such as Neuritis, Gonorrhea, Stricture, Catarrh of the Bladder and Urethra, Inflammation of the Pelvis of the Kidney, and all that class of diseases. Buy a dollar bottle and use it. Use as per directions in all cases.

JOHN BULL, M.D.

Manufacturer and Vendor of the

CELEBRATED

SMITH TONIC SYRUP.

FOR THE CURE OF

AGUE AND FEVER,

OR

CHILLS AND FEVER.

The proprietor of this celebrated medicine, fully claims for it a superiority over all remedies ever offered to the public for the cure of Ague and Fever, Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if it is used as directed. It is a simple, safe, and reliable remedy, and in a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle. It is a perfect restorative, and of the general health. It is, however, pleasant and in every case more certain to cure, if it is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. This medicine will not require any aid to keep the bowels in good order, should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S PLEASANT FAMILY PILLS will be sufficient.

BULL'S WORM DESTROYER.

Extract of a Letter from Georgia.

VILLANOVA, WALKER COUNTY, Ga.

Dr. John Bull—Dear Sir: I have recently given your Worm Destroyer several trials, and find it wonderfully efficacious. It has not only cured my children, but I have wished for effect. I am doing a pretty large country practice, and have daily use for some article of the kind.

I am, sir, respectfully,

JULIUS P. CLEMENT, M.D.

P.S.—So soon as you can, please send me the testimonials in favor of your Worm Destroyer that newspaper space is entirely too small to tell the merits.

I have a reliable remedy for Worms. Try it and be convinced. See my journal for a more full description. JOHN BULL.

BULL'S SARSAPARILLA.

St. Louis, April 30.

Dr. John Bull—Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case: I was wounded about two years ago—was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am a slave through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than in any thing else. I wish that it were genuine. Please express me half a dozen bottles, and oblige.

CART, C. P. JOHNSON.

P.S.—Mr. Johnson was the son of a skillful surgeon. His mother recommended to her friends, and for many years used my Sarsaparilla with perfect success. In Scrofula and Fever-sore Mrs. Johnson states that she was almost cured. I have recently received a most remarkable certificate from an eminent gentleman of Louisville.

A SMALL child to west Hickman came near losing its life Monday night last. The mosquito net caught fire from a lamp, and bed, child and all, came near burning up, before it could be extinguished.

The Radical Convention which seems to be in Frankfort this day of May, would each of the Purchase Counties two delegates. Hickman and Fulton counties, we hear, will be represented.

Religious.—The Right Reverend Geo. D. Cummings, Assistant Bishop of the Diocese of Kentucky, will preach at Hickman, the 2d and 3d of May. At Jordan Station, (basket meeting), at this county, the 1st Sunday in May.

THE BAKER BUSINESS.—Nearly every family in this community, knows Ed Mangum the baker. He was here before the war and since, and it is therefore unnecessary to recommend him as a good baker. See his card in this paper. He is thankful for past patronage, and solicits a continuation of public favor.

SOME WIVES in Hickman have been advised to serve legal notices on saloon keepers to prevent said saloons from selling whisky to their husbands, as wives have a right to do so under Kentucky law. They were indignant at the idea of their husbands being pronounced "whiskies." Others assert their intention to do so if reformation is not made.

We have news of a disastrous break in the Mississippi levee, above New Orleans. The crevasse has reached alarming proportions, and can not be filled at present. An immense body of water is pouring through the break, flooding the country for miles, destroying millions of property, and endangering New Orleans.

MAY DAY CELEBRATION at CLINTON.—The pupils of Miss Hattie Barber, music teacher at Clinton Academy, Clinton, Ky., have elected Miss Florence Shaw, of this county, Queen of May, and the coronation ceremonies will take place on the 5th of May. The lead prize of beauty of Hickman county will have each other in their wealth of loveliness.

The discussions between Rev. J. R. Graves and Rev. Samuel Watson, prominent Baptists, commenced at the Green Oak Opera house, Memphis, May 3, the latter offering and the former denying the affirming proposition: "Do the Scriptures teach that persons who have lived here and died, have returned, and conversed with persons in the flesh."

The people of Paducah and Cairo are preparing for a grand May day celebration. The Cairo Paper, says, There will be genuine enjoyment—freedom without undue familiarity, fun without coarseness, hilarity without intoxication, and as good a time generally as you can hope to realize during the half of a long life time.

The Nashville Board of Trade have resolved themselves into a chartered company under the incorporation laws of Tennessee for the purpose of owning and running railroads. The object is for Louisville to control the Railroad effecting Nashville interest.

The Odd Fellows Celebration.

Last Wednesday, the anniversary of the introduction of the order of Odd Fellows in the United States, was appropriately celebrated by the brotherhood at this place. The rainy, unfavorable weather presented as large an attendance as was expected, delegations from neighboring lodges having been disappointed who had signified their intention of being present to join in the anniversary celebration.

The Brotherhood formed in procession in front of their lodge rooms on Jackson street, and under the lead of the Hickman Star Band, marched from Jackson to Clinton, up Clinton to Kentucky street, and thence through the upper part of town to the Methodist church, where the Order and audience assembled were addressed by the Rev. Mr. Steele, of the Methodist church.

The address of Mr. Steele was a splendid effort, evidencing a thorough acquaintance with his subject, the principles and purposes of the institution, and abounded with, in such happy flights of eloquence, as to impress the whole audience with the rare talents and gifts of the speaker. The speaker is so richly gifted with language that the hearer's mind is perhaps tempted to linger too long with his gorgeously decked scenery and amid its flower wreathed images, to properly embrace the more solid facts and truths, in which the address was replete. His address won the applause of the whole Brotherhood and audience.

After the address, the order, marched from the church to the Planter's Hotel, where was prepared a most elegant and sumptuous dinner, to which all Odd Fellows, their wives, widows and orphans, were invited. The dinner table literally groined with everything good to eat, and must not only have excited the pride of the amiable hostess but that of every Odd Fellow present. This dinner was never equalled within our recollection in Hickman.

The festivities of the day closed with a pleasant dance at the Planter's Hotel, given by the young members of the Lodge, and which was largely attended. The devotees of Terpsichore enjoyed themselves well, as was proven by the "giddy mazes" being protracted until far into the morning.

This day, notwithstanding the unpromising weather, will be a happy remembrance to the Odd Fellows. Fraternity. Everything passed as happily as could have been expected under the circumstances.

The Hickman Star Band made its debut in public procession on this occasion. Its performance excelled the expectations of its warmest friends. The whole public complimented them highly. They have made wonderful progress, and promise to make an excellent band. Mr. Thomas Garrett, their teacher, is a thorough musician, and successful teacher. Success to the band, individually, and collectively.

ATTEMPT TO BREAK JAIL.—The prisoners confined in our county jail came near making their escape Monday night last. One prisoner had got out of the inner cage and was triggering away at the outer wall, when a fellow prisoner gave the alarm, aroused the Jailor in time to prevent his escape. This is the second attempt they have made to break out within the past two weeks. The County Judge, considering the insecurity of our jail house, has deemed it his duty to employ an extra guard, and will continue such service, until the rebuilding of the jail.

RADICAL CANDIDATE FOR THE LEGISLATURE.—Some of the Republicans of this and Hickman county assert their intention to run a candidate for the Legislature. Mr. Weeks, the former census taker of Hickman county, is the standard bearer selected. They propose running him merely for "party organization."

ELSEWHERE, we publish a letter from the Hon. John Q. A. King, in which he calls on Colonel Lucian Anderson to publish the letter which has created so much talk in this part of Kentucky. Governor King says distinctly that the letter was for personal relief, without any reference to politics.

Runyon's Hog Cholera Medicine. Our friend W. R. Walker, Druggist, has bought the exclusive right for Fulton County to prepare and sell this celebrated remedy for Hog Cholera. This specific is said to be an almost certain cure and prevention, and is so recommended by many of the largest hog raisers in the State. Mr. Walker is alone entitled to make and sell the medicine, and all wishing to give it a trial must apply to him.

We desire to call attention to the importance of the election of May next, to be held on the 6th of May next. As the officers then to be chosen are to control the financial affairs of the county, it behooves every citizen to be on the alert, so that good men are nominated, and that every voter in the county goes to the polls on the election day and vote. Let no one fail to do his whole duty on that day, and we will not fear the result.

Two Negroes Hung in Weakley.

The Cars Boarded by Masked Men.

Sunday night last, Sheriff Vincent, of Weakley county, Tenn., left Hickman on the Nashville train, in charge of a negro prisoner, who had been captured near this place, and who was charged with committing various crimes in and about Dresden, Tenn. At Raulston Station, 6 miles this side of Dresden, the train was boarded by a large number of disguised men, who stopped the train, and compelled the sheriff and guard to deliver to them their negro prisoner. The same body of men then proceeded to Dresden, where a negro under the charges, was confined in jail, took him out, and returning to the woods between Dresden and Raulston, hung them both to a tree.

These negroes are said to have been notoriously bad characters, being charged with various stealing scrapes, and also with an attempt and design to burn the town of Dresden. The community about Dresden were greatly enraged against them, and the sheriff while here was in great apprehensions as to whether the community would tolerate their imprisonment. It was the sheriff's purpose, after the commitment trial, to have removed both negroes to some other jail for their better protection. From what we hear the negroes richly deserved their fate, but it is nevertheless a matter of very serious regret that the law was not permitted to deal with them. We fear this act of violence will be seized upon as a pretext to visit oppression upon our Tennessee neighbors.

The following important letter was sent to the Sheriff of Weakley county, by order of the Governor of Tennessee:

EXECUTIVE ORDER, Nashville, Tenn., April 25, 1871.—To the Sheriff of Weakley county, Dresden, Tenn.—Dear Sir: Information has been received at this department to the effect that two colored men, viz: Bill and Ed Pollock, were summarily executed, a short time since, at Raulston Station, in Weakley county, Tenn., by a party of disguised men, one of said party being in the custody of an agent of this department. The Governor to bring him from the State of Kentucky, and deliver him to the jailer of Weakley county, Tenn., the other having been forcibly taken from said jail at Weakley county.

I am directed by his Excellency, Gov. D. W. C. Senter, to call upon you to furnish this department, at the earliest possible moment, with an official report of the facts in the case.

It now rests with the civil authorities of your county to elect whether they will bring these parties to justice, or take the consequences of having it done by a stronger power, and to provide for the safety of the city papers upon this matter, and will expect your report at an early day. Very respectfully, FRANK HYDEMAN, State Secretary.

REMOVAL.—W. B. Benny, has removed his store from his old stand to the old store house of J. S. Hubbard.

FIRE HOOS.—Mr. Wm. Alexander, Jr., of this county, shipped several fire engines to St. Louis, last Monday, in answer to order from farmers near that city. The reputation of Fulton county stock is increasing.

VERY LOW PRICES.—Messrs Rice & Bro., the New York Store, are now in receipt of their entire Spring and Summer stock, which they are offering at very low prices. Their stock is highly praised as having been selected with care, taste and good judgment, and well adapted to the wants of this community. Let every lady or gentleman, shopping at Hickman, give them a call.

WILLIAM FRENZ has just received a large and splendid stock of Gold, Silver and Jet Jewelry of every description, consisting in part of ladies' Jet and Plated Sets, Bachelors' Neckties, Gold and Plated Rings, Buttons and Chains, Gents' Pins, Studs and Sleeve Buttons, Watch Chains and Vest Chains with Gold, Silver and Jet Buckles, &c., all of which will be sold to customers at less than city prices. Call and see for yourselves.

THE PADUCAH KENTUCKIAN says a man calling himself Dick Atwell, of Memphis, recently visited that city and distributed circulars announcing that he was proprietor of an ice-manufacturing machine, which he would send to anybody on receipt of \$15. He received several orders accompanied by money in full, and others with only a third or half, with a promise to pay the rest on the delivery of the machines. He took the money and sent back word that he would send the machine only on receipt of the full amount. This procedure did not bear good fruit, and Mr. Andrews, alias Atwell, was put in the lock-up.

MUSICAL BOXES, Violins and Violoncellos, French Harps and a general line of musical merchandise of every description always in stock, at greatly reduced prices. WM. FRENZ, Clinton Street, Hickman, Ky.

DOES HAY HAVE HOSES?—The hog law is attracting much attention in Hickman just now. The following little paragraph from the Louisville Commercial will show that if Louisville has such a law, it is not enforced:

A large transportation wagon passed over the hind legs of a little pig at Fifth and Main, yesterday. The efforts of the poor little creature to drag itself out of the way excited the sympathy of the spectators. The mother of the broken-legged little animal seemed frantic with rage, and endeavored, by almost human action, to induce the little creature to follow her—even helping it along with her ungainly snout. This little incident attracted nearly a hundred people, who looked at the exhibition of the love of a parent for its offspring with wonder and pity.

SEVERAL new houses are going up in Gourley's Addition.

Christian Missionary Meeting.

May 1st, April 23, 1871.

There will be a meeting of messengers of the churches of Christ in Missionary District No. 9, known as Jackson Purchase, at Mayfield on Tuesday, May 1st, 1871. The various churches in the district are requested to send delegates to the meeting. Where it will be possible to send delegates, letters expressing the views of the congregations of the meeting is to organize a district on operation in harmony with the State and General Missionary work. A district board and evangelist will be selected. It is urgently requested that each church in the district be represented at the meeting, either by messengers or letter. Let the amount each church is willing to give to support an evangelist be named. The church at Mayfield will extend a hearty welcome to all who may attend. Remember the time, Tuesday, May 1st, at 10 o'clock a. m. Matters of importance will receive attention. H. PECKHAM, State Evangelist.

A Baby Wonder. UNION COUNTY, Tenn., April 24, 1871.

Dear Courier.—As it is seldom that I have concluded to inform you of an occurrence here. On the beautiful Sabbath morning of April 23rd, my wife, Mary T. Board, gave birth to a fine baby, weighing 9 pounds. There is nothing strange in all that—but hold, when the mother put the babe to the breast it bit her nipple. On examination we found two teeth in its mouth, one of which is rather small, the other a fine large tooth for a babe. I wish to notify my friends, as I am getting old, and this the 15th child I have ever reared, and the last of the fifteen born with teeth. I hope they will excuse me if I retire from the baby business. Yours respectfully, JOHN A. BOARD.

Laura Fair Convicted of Murder in the First Degree.

The jury in the case of Laura D. Fair, the murderess of A. P. Crittenden, remained forty minutes, and gave in a verdict of murder in the first degree. The prisoner appeared somewhat paler than usual when taken from the court room, otherwise she was unmoved. This verdict, until within the last week, was not generally believed possible near any body expecting the trial to prove a perfect farce, ending in the acquittal of the prisoner or disagreement of the jury. Nine tenths of the community regard the verdict as a vindication of the law, and a rebuke of the doctrines put forth in defense of the case.

Taxing Labor. The Boston Post says that Mr. Congressman Hoar proposes to tax the laboring people thirty thousand dollars for telling them what they know better than paid commissioners can know, namely, that they are free and independent.

CHICAGO, April 25.—The war at Paducah between Chicago and Rock Island and Pacific Railroad lines is growing very exciting. Last evening each road refused the right to run trains on a certain track, and the Peoria and Rock Island have been ordered to stop. The Chicago and Rock Island stood their ground, and refused to back down. The Chicago and Rock Island stood their ground, and refused to back down. The Chicago and Rock Island stood their ground, and refused to back down.

FOUL MURDER. Last Saturday night a foul murder was committed in Humboldt. The party killed was named Thos. Stretchum, an Irishman employed on the Mobile and Ohio Railroad. It seems that some of the hands has bitten down the throat of the man, and that a general fight ensued in which Stretchum was badly beaten by Bryan Wadick and Pat McDonald. After leaving him helpless, from the effects of the blows, they returned to the hotel, and when Wadick went into one of the rooms after remarking that he would stop the hands, he was met by a man who got a hatchet and started in that direction. No one saw him do the deed, but Stretchum was found next morning with a gash the length of the hatchet in his neck, and lying in a corner in a condition of death. The hatchet was found near the body, and the man who had killed him was found in the room. The man who had killed him was found in the room. The man who had killed him was found in the room.

Great Estates without Owner. Our Eastern exchanges announce that another great estate in Europe is looking about for an owner. The man wanted is one Frederick William Keyser, a German. He served in the Union army during the rebellion, was taken prisoner, and when last heard from was paroled in England. The estate of which he is one of the heirs, is valued at a million and a half of dollars, and it is said that unless Keyser can be located, the estate will be divided. But it must prove a difficult thing to establish the right of such a man as Keyser to the property of his country, and the closing stages of the rebellion, and we fear the other heirs will have to wait twenty years for their money.

The Iowa heirs met yesterday in French's Hall and organized an association to trace out their pedigree. Jane Innes died in Scotland in 1839, having no children, and the estate of the said Jane Innes and personal property valued at \$100,000,000 to her heirs, being valued at 25,000,000 was left by E. M. Innes, who died in Bombay in 1845. When the American heirs get the money The Sun will announce the fact.

W. A. BREVARD, City Clerk.

The rigid observance of old English rules in the South Carolina courts, and a neglect of the same on the part of Mr. Pettigrew, gave rise to the following passage: "Mr. Pettigrew," said the Judge, "you have of right come. You can speak in English, or you can speak in the French of the Bench. I conform strictly to the law. Let me illustrate: The law says that the barrister shall wear a black gown and coat, and your honor thinks that you are a black coat. Yes," said the Judge, "well, the law also says that the sheriff shall wear a cocked hat and sword. Does your honor hold that the sword must be cocked as well as the hat?" He was permitted to go on.

A KENTUCKY ANACONDA.—On the farm of J. B. Downing, in this county, on the Hickman and Rock Island road, measuring ninety feet, was killed on last Thursday. He, she or it, had been the terror of the neighborhood for some years. He is probably the same creature that was killed in this county, and which, some years ago, passed through this high in this county, and which, some years ago, passed through this high in this county.

THE SUPREME COURT have by a majority of nine to six, decided the constitutionality of the Legal tender act.

Mr. Patterson, of Paducah, Ky., was killed near Smith, Ark., last week, by a mob running away and dragging him over a rough road.

SPECIAL NOTICES.

"Then come to the gift of victory—'The triumph in the hair'—O! marvel of fair maidenhood."

Ring's Vegetable Ambrosia produces the "gift of victory," a profusion of hair, by cleansing the scalp of all impurities and giving it a healthy tone, so that the glands act with wonderful vigor. Try it.

Beet in Mind. When disease has undermined the health and the physical system has become prostrated, a stimulant that will not only strengthen, but remove the cause, should be immediately resorted to. Mental distress is also a fruitful source of the breaking down of the constitution, and the ravages of this enemy to health are truly alarming.

For all such maladies Hostetter's Stomach Bitters have been found unsurpassed. By acting directly upon the digestive organs, they remove the heavy, disagreeable feeling, and restore to the system a healthy and vigorous action.

Thousands of persons certify that it may be relied on in all cases of weakness, nervous debility attendant upon sedentary habits. The generality of Bitters are so disagreeable to the taste that they are almost unobtainable. This is not the case with Hostetter's Bitters, which will be found mild and extremely palatable.

Isolating plants, barks and roots contribute their restorative juices to render it soothing and strengthening. Its use is highly recommended by the most eminent American physicians, and has been proven by the most scientific analysis to be a powerful and reliable remedy for all diseases of the stomach and bowels.

Among the Indians, Lieht Herndon claims that no tribes of aborigines are found in the deepest forests of South America, from the Andes to the Atlantic coast, that do not have and use Doct. Ayer's medicine and Lowell cures. "Tremont," "Shofield," "Baker," are seen stamped in large red and blue letters upon their garments, and are the tokens of their recovery.

Their native soil furnishes them all their food and most of their remedies, but they suffer from some ailments which must be cured by the use of higher skill.—Saratoga, N. Y.

EXTRA SPECIAL NOTICE. Beware of cheap imitations of Dr. J. C. Smith's Tonic Syrup, and the counterfeiter brought to grief.

Examine well the label on each bottle. If the private stamp is not on the bottle, do not purchase, or you will be deceived. See my advertisement, and you will see that I will prosecute any one infringing on my right. The genuine Smith's Tonic Syrup is sold only by the following named parties.

GENERAL WYATT ADAMS writes to the

is any apprehension of that city being
"cut off" and made an inland town. He
says that for more than a generation it

immediate danger of its occurrence is not
greater than it was forty years ago.

A TEMPERANCE CONVENTION OF
NATIONS—The Right Worshipful Grand
Lodge of Good Templars will meet at
Baltimore, Maryland, instead of Valparaiso,
California, as heretofore published, on
the fourth Tuesday in May, convening
at 10 A. M. Delegates will be present
from all the States in the Union, Canada,
Scotland and England.

It is not often, says the Nashville
Union and American, we see city May-
ors in State's prison, but we saw a convict
on Thursday, at work at the Capitol as a
carpenter, who is formerly said to have
been Mayor of Cleveland. He sent many
prisoners to the penitentiary, but finally
got there himself. He was working
very faithfully in making some im-
provements to the Comptroller's State
apartments.

THE New York *Tribune* says that the
first session of the Forty-second Congress
adjourned amidst a wrangle between
blackguards, yet it argues that the effect
of the session has been to harmonize the
Republican party. Now, as the principal
blackguards between whom the wrangle
occurred, were Butler and Farnsworth,
two leading Radicals, we fail to pre-
ceive the indications of harmony.

INDIAN DEMONSTRATIONS OF WAR.
—A telegram has been received at Wash-
ington from the acting Governor of Ariz-
ona, announcing that the Indians are
making formidable hostile demonstra-
tions along the frontier, and that white
settlers are coming in from all quarters.
An appeal is made for additional troops,
but the War Department feels that it
has none at its disposal. The request
will be referred to General Sherman, who
is on the frontier investigating the con-
dition of the troops there, and the points
at which they are most needed.

Words of Warning.

We print on our first page, the Ad-
dress of the Democratic Senators and
Representatives in Congress to the Ameri-
can Democracy. It foreshadows the
grounds upon which the Democracy will
make the Presidential contest of 1872,
and as will be seen, fully recognizes the
changed situation of the country. We
commend it to the attention of those ex-
treme men who by partisan appeals to
popular prejudices, and for the sake of
local triumphs, would endanger the
national contest. These extreme men,
have denounced us, and others, as semi-
radical, because we advocated the very
ideas set forth in this address; or, in
other words, that we recognized negro
testimony and such questions, as they
practically exist, and not as we would
have them. These men must cease now,
or throw themselves in direct opposition
to the National Democracy. In the fol-
lowing extract our duty is pointed out in
language that cannot be mistaken:

"We earnestly entreat our fellow-citizens
in all parts of the Union to spare no
effort to maintain peace and order, to
carefully protect the rights of every citi-
zen, to preserve kindly relations among
all men, and to discountenance and dis-
courage any violation of the rights of any
portion of the people secured under the
Constitution or any of its amendments."

Let us in conclusion earnestly beg of
you not to aid the present attempts of
the Radical party to stir up strife in the
land, to revive the issues of the war,
or to obstruct the return of peace and
prosperity to the Southern States, be-
cause it is thus that they seek to divert
the attention of the country from the
corruption and extravagance of their ad-
ministration of public offices, and the
dangerous and profligate attempts they
are making toward the creation of a cen-
tralized military government."

That is the platform upon which the
Democratic party in the South must unite.
We can win upon no other.

The Radical Declaration of War.

The passage of the Kulluk bill and
rejection of the general amnesty bill,
furnish conclusive proof of the campaign
policy upon which the Radicals mean to
rely next year. The Kulluk bill is ex-
posed to former disturbance in the
South which will supply a pretext for the
refusal of amnesty; and the relations of
the people of the two sections thus muddled,
the laxest election law may be
brought to bear upon the ballot-box with
a show of necessity if not of justice.

This is the warlike strategy to which we
have so often referred. It is a scheme
made up partly of the spirit of eternal
hatred and partly of the lust of eternal
rapine, a hideous revolutionary scheme,
the more hideous because it is brutal, the
more cruel because it is deliberate, ap-
pealing to the wicked passions of the
Northern people and the vengeful desires
of the Radical politicians.

What the Democratic Address

The criticism which has been made in
some Radical quarters of the language of
that portion of the Democratic address,
which calls on all our fellow citizens in
all parts of the Union to spare no effort
to carefully protect the rights of every
citizen, to preserve kindly relations
among all men, and to discountenance
and discourage any violation of the rights
of any portion of the people under the
Constitution or any of its amendments,
says the Washington dispatch, is untrue
so far as it is intended to make it appear
that the Democratic caucus did not re-
cognize the validity of the Fourteenth
and Fifteenth Amendments, or the legi-
slation under them. While the Demo-
cratic members did not believe that the
reconstruction acts were constitutional,
nor approve of the way the Fifteenth
Amendment was ratified, because certain
States were denied admission into the
Union till forced to ratify it, they at the
same time propose to accept both as of
full effect. This was what the tenor of
the debate indicated, and what the above
language of the address was intended to
convey. Only three members of the
party—two from Maryland and one from
Delaware—opposed it.

GREELY OFF THE TRACK.

Horace Greeley has got his back up about
what he regards as the unfair distribution
of the Government patronage, and in con-
sequence declines taking any part in the
reorganization of the Republican party in
New York city. His letter to the Chair-
man of the State Executive Committee,
refusing to accept the part assigned him,
concluded by saying:

"Had a little forbearance and concilia-
tion been shown by the appointing
power at Washington, I think this might
have been different."

GOVERNOR ENGLISH WAS RE-ELECTED

Governor of Connecticut by an exceed-
ingly small majority, to be sure, but suf-
ficiently large for all practical purposes.
After thorough official count and ex-
amination of the ballots, it is found that
English is elected by one majority.

SERIOUS ACCIDENT.

We regret to announce that Hon. Oscar Turner,
of Ballard county, met with a very painful
and serious accident yesterday. He had
started from Blauvelt to go to Pa-
dneah. On the road his horse became
frightened, ran away and threw him from
the buggy, breaking his leg just above
the knee. The accident will confine him
at home for some time. He has our
deepest sympathy. So says the Ken-
tuckian.

JUDGING OTHERS BY HIMSELF.

The Cincinnati Gazette had the follow-
ing stuck into a corner of the paper:

Sergeant Bates, who acquired a tempo-
rary notoriety by walking through the
South, carrying the United States flag,
insists that Gov. Holden, of North Car-
olina, offered him \$10,000 to abandon
his purpose. Bates makes his story im-
probable by declaring that he refused the
offer with scorn and indignation.

The Force Bill.

The Force Bill passed by the late Con-
gress makes a crisis in the political his-
tory of this nation, which calls for the
history of a great people to meet it
properly. It violates not only the spirit
of the constitution, but several distinct
provisions of that instrument. In any
other country than our own it would
lead to civil war, and would with us
for the bitter suffering through which the
people have so recently passed. The
people of the South have again to com-
mand moderation and forbearance, and
discountenance violence and disorder.

The New York *Post*, a Radical paper,
gives this sound advice, in regard to the
bill:

"The Constitution, which has been
struck by this bill, provides the means
for its own vindication. On the first test
case which can be brought before the Su-
preme Court of the United States, it will
doubtless be found and declared, in a way
which will satisfy itself will lead, that
Congress cannot abolish the States and
repeal the Constitution. Even should
it be impossible to obtain such a judg-
ment before the next meeting of Con-
gress, yet the act will ere then have been
studied by the people, and public opin-
ion will demand imperatively that it be
removed from the statute book. By
such means only can usurpation, under
the forms of law, be met in a manner
worthy of the nation, and the means we
are confident, are adequate to the end."

Meanwhile it is of the first importance
that citizens who are opposed to this act,
and see its dangerous character, should
practice moderation and forbearance in
their resistance to it. If the Democrats
are sincere in their opposition to cen-
tralization, or if they have either patri-
otic or political sagacity among them,
they will go to the extreme limit of their
influence in quieting their disorderly and
rebellious allies throughout the South-
ern States. There will then be no State
in the Union which will not welcome the
exercise of this force bill, in its efforts
or in Congress, by any peaceful and con-
stitutional means.

State Salaries and the Income Tax.

The Supreme Court of the United
States is upholding some of the inequities
of Congress. It is hoped that the wis-
dom and integrity of that tribunal may
yet be the barrier to avert the overthrow
of constitutional liberty, and restrain Con-
gress to the exercise only of its rightful
functions. Last week that Court decided
that the income tax which the Revenue
Department has been collecting for the
last eight or nine years upon the salar-
ies of State officers, is illegal, uncon-
stitutional and void. A Massachusetts
Judge of the State Court refused to pay
the tax upon his salary, his property
was seized, and the case taken to the
Supreme Court, where it was decided as
we have abovementioned.

Judge Phister, and other Kentucky
judges, entered their protest against this
assessments as illegal and unconstitutional,
but the U. S. Court would not heed
their remonstrance.

Fortunately, however, a Massachusetts
judge appeals and is heard. They de-
clare the millions taken from State officers
illegal and wrong.

"A Stronger Power."

We publish elsewhere, this morning,
an official communication from Governor
Senter to the Sheriff of Westley county,
which, though peremptory in its tone,
will strike the great majority of those
who read it as abundantly justified by
the grave nature of the circumstances
under which it was written. Hardly has
the ink with which President Grant so
eagerly signed the Kulluk bill dried
upon the paper before the telegraph
dishes over the country one of the most
damaging outrages yet committed within
our borders. It was a deed redolent of
lawlessness, and marked by a contemptu-
ous defiance of the constituted authori-
ties, such as can be represented only by
the sternest measures. Will the people
sustain Governor Senter in his determi-
nation to preserve order in Tennessee at
all hazards, or shall these midnight as-
saults, while wreaking vengeance upon
their victims, murder our country at the
same blow? Congress has clothed the
President with extraordinary powers, far
less limited than those ever exercised by
a proclaimed dictator. His recom-
mendation is already an accepted fact with
the party of prescription. His re-election
rests in a good measure with himself and
the bayonets at his back. Now, we do
not propose that the vote of Tennessee
shall be used for Grant, either volun-
tarily or by force, in 1872. There is a clear
majority of from 60,000 to 70,000 in our
noble old State ready to be rolled up for
the nominees of the Democratic party,
but with the midnight assassinations and
banded outrages electorship so effi-
ciently against us, God only knows what
will be the result. Perhaps the "strong-
er power" so significantly referred to by
Governor Senter, will settle the matter
for us, after all.—*Nashville Banner*.

The King-Anderson Letter.

Gov. King in his letter to the Ken-
tuckian says: "I did write a letter un-
der the foregoing circumstances, to the
Hon. Lucien Anderson for relief, who
was then in power in this district, and
had, and exercised great influence with
his party, not only in this district, but at
Washington."

"There was nothing in the letter
against democracy, nor in favor of the
Republican party, but was alone for per-
sonal relief."

Mr. Anderson says that this statement
of the contents of the letter, is correct,
and that he would willingly furnish said
letter to Gov. King for its publication,
and his vindication, if he had it, but he
says this letter, with hundreds of others
received by him during the war was de-
stroyed.

Of course this statement about the
contents of the letter by Mr. Anderson,
to whom the letter was written, is a com-
plete quietus to the whole thing.

The object of Gov. King's enemies in
bringing this little electioneering story
before the public, just on the eve of the
nominating convention, is too plain to
deceive any one.—*Mayfield Democrat*.

The Capital Removal Question.

St. Louis, April 28.—The National
Executive Commission, appointed by the
second National Convention, held at Cin-
cinnati, October, 1870, to promote and
hasten the removal of the National cap-
ital to some proper place in the valley of
Mississippi, announces that it has been
determined not to call another con-
vention of the friends of the capital re-
moval, until next year.
